

## **Task 2 – Institutional cooperation in your city**

Your second task will be to list the different institutional partners involved in your SUMP process.

For this, please, list the different participants and explain what they have brought to the process:

- Political support
- Transport network competence
- Expertise, skills, data
- Public support
- Other?

You can use the template provided here.

**SUMP Learning Programme for mobility practitioners:  
e-Course 2 - TASKS**

Kingdon relevance	Kingdon streams	SUMP functionality	Questions to answer	Stakeholder involvement in YOUR SUMP Who and why?
Power Resources	<b>Politics stream</b>	<b>Political support</b>	Who can assure political support, within the transport sector, and beyond?  Who can assure resources to allow for SUMP implementation?	
Technical feasibility Technically sound plan	<b>Policy stream</b>	<b>Transport network competence</b>	Who manages the respective transport networks?	
		<b>Expertise, skills, data</b>	Who has the relevant skills and expertise to deliver a technically sound plan, including representatives from other sectors?	
Values Sense of urgency	<b>Problem stream</b>	<b>Public support</b>	Who understands problem perception from stakeholders and citizens?  Who can assure public support?
